

MICROECONOMICS 101-03

RESEARCH PROPOSALS – COMMENTS

A	The most reliable employment and earnings data for occupations for each year 2008-2019 is available in links on the bls.gov website. The link <a href="https://www.bls.gov/oes/current/oes_nat.htm">https://www.bls.gov/oes/current/oes_nat.htm</a> Has data for 2019 data–the most recent released by bls and can be used to complete topics in Part A.
B	Identifying which of items listed in the bibliography is the basis for data, graphs and specific information included in the text increases the confidence of readers that you are relying on verifiable, accurate information. Including a reference to work done by others is also a standard practice for writings of this type.
